Files are required to be named in the following format: CampaignName_Urbanlight_LiveDate YYYY_MM_DD

All brewed or distilled alcohol artwork must be approved by the ABAC - follow their instructions online.

Please ensure all text, logos and important elements appear within the visual area. Images outside this area will be covered by the lightbox frame.

PRODUCTION INFORMATION

Thank you for your booking. In order to ensure efficient delivery of your campaign, please read the information below.

Prior to the campaign:

We are only able to prepare and distribute campaigns running in a particular week once all posters for that week have been received. If your campaign is late, additional labour will be required to deal with the resulting knock-on effects. These costs will be passed on to the advertiser as outlined in the contract. Whilst we will chase material from all relevant parties, the contracting party is ultimately responsible for fees relating to late delivery.

After the campaign:

Posters will be stored for 6 weeks, then recycled. If you do not wish your posters to be recycled, you can:
1) Arrange for posters to be collected within 4 weeks of the campaign ending or;
2) Notify your account manager that you wish the posters to be put into long term storage at a cost of \$1000 per month period per State.

Please note that disposal after 6 weeks will occur automatically and you may not receive further communication in relation to this. If you have any questions, please contact your account manager.

Print Quantities:

Please order booked quantity + 20%
e.g. if 210 posters are required, the order would be:
210 + 42 (20%) = 252 posters

If posting sites change during the campaign period, please contact jcdecaux - au_production@jcdecaux.com

All posters are to be packed and delivered in tubes weighing no more than 20kg each, not flat-packed or on pallets.

Deadlines:

All posters must be delivered 8 days prior to the campaign start date, to the designated warehouses below:
